

**Biochemistry in-house tests UKAS accreditation
March 2025**

Test	UKAS Accreditation status
Albumin/creatinine ratio, Urine	Not accredited, application submitted
25-Hydroxy vitamin D	Not accredited, application submitted
Adrenocorticotrophic Hormone	Accredited
Alanine aminotransferase	Not accredited, application submitted
Albumin	Not accredited, application submitted
Albumin, Urine	Not accredited, application submitted
Alkaline phosphatase	Not accredited, application submitted
Alpha-fetoprotein	Not accredited, application submitted
Amikacin	Not accredited, application submitted
Ammonia	Not accredited, application submitted
Amylase	Not accredited, application submitted
Amylase, Fluid	Not accredited, application submitted
Amylase, Urine	Not accredited, application submitted
Androstenedione	Accredited
Apolipoprotein A1	Accredited
Apolipoprotein B	Accredited
Aspartate aminotransferase	Not accredited, application submitted
Bence Jones protein	Accredited
Beta HCG	Not accredited, application submitted
Beta-2 Microglobulin	Accredited
Bicarbonate	Not accredited, application submitted
Conjugated bilirubin	Not accredited, application submitted
Bilirubin, Total	Not accredited, application submitted
NT pro BNP	Not accredited, application submitted
CA125	Not accredited, application submitted
CA15-3	Not accredited, application submitted
CA19-9	Not accredited, application submitted
Caeruloplasmin	Accredited
Calcium	Not accredited, application submitted
Calcium excretion, Urine	Not accredited, application submitted
Calcium, Adjusted	Not accredited, application submitted
Calcium: Creatinine ratio	Not accredited, application submitted
Carcino-embryonic Antigen	Not accredited, application submitted
Chloride	Not accredited, application submitted
Chloride, Urine	Not accredited, application submitted
Cholesterol	Not accredited, application submitted
Cholesterol/HDL Ratio	Not accredited, application submitted
Complement C3	Accredited
Complement C4	Accredited
Cortisol	Not accredited, application submitted

**Biochemistry in-house tests UKAS accreditation
March 2025**

C-Reactive Protein	Not accredited , application submitted
Creatine kinase	Not accredited , application submitted
Creatinine	Not accredited , application submitted
Creatinine Clearance	Not accredited , application submitted
Creatinine, Urine	Not accredited , application submitted
Cryoglobulins	Not accredited
CSF Glucose	Not accredited , application submitted
CSF Total protein	Not accredited , application submitted
DHEA Sulphate	Accredited
Estimated GFR	Not accredited , application submitted
Ferritin	Not accredited , application submitted
Folic acid, Red cell	Not accredited
Folic acid, Serum	Not accredited , application submitted
Follicle Stimulating H. (FSH)	Not accredited , application submitted
Free Androgen Index	Accredited
Free Thyroxine	Not accredited , application submitted
Free triiodothyronine	Not accredited , application submitted
Gentamicin	Not accredited , application submitted
Globulin	Not accredited , application submitted
Glucose	Not accredited , application submitted
HDL/LDL Ratio	Not accredited , application submitted
HDL-Cholesterol	Not accredited , application submitted
Human Growth Hormone	Accredited
Immunoglobulin A	Accredited
Immunoglobulin G	Accredited
Immunoglobulin M	Accredited
Insulin	Not accredited , application submitted
Insulin-like growth factor 1	Accredited
Iron	Not accredited , application submitted
Iron Binding Capacity	Not accredited , application submitted
Iron Saturation	Not accredited , application submitted
Kappa Light Chains, Serum	Accredited
Kappa:Lambda Ratio	Accredited
Lactate dehydrogenase	Not accredited , application submitted
Lambda Light Chains, Serum	Accredited
LDL-Cholesterol	Accredited
Luteinising Hormone	Not accredited , application submitted
Macroprolactin	Accredited
Magnesium	Not accredited , application submitted
Magnesium excretion, Urine	Not accredited , application submitted
Oestradiol	Not accredited , application submitted
Osmolality, Serum	Accredited

**Biochemistry in-house tests UKAS accreditation
March 2025**

Osmolality, Urine	Accredited
Parathyroid Hormone	Not accredited , application submitted
Phosphate	Not accredited , application submitted
Phosphate excretion, Urine	Not accredited , application submitted
Potassium	Not accredited , application submitted
Potassium, Urine	Not accredited , application submitted
Pregnancy beta-hCG	Not accredited , application submitted
Progesterone	Not accredited , application submitted
Prolactin	Accredited
Prostate Specific Antigen	Not accredited , application submitted
Prostate Specific Antigen, Free	Not accredited , application submitted
Protein, Total	Not accredited , application submitted
Protein, Urine	Not accredited , application submitted
Protein/ creatinine ratio, Urine	Not accredited , application submitted
PSA, Total/Free ratio	Not accredited , application submitted
Rheumatoid Factor	Not accredited , application submitted
Sex Hormone Binding Globulin	Accredited
Sodium	Not accredited , application submitted
Sodium, Urine	Not accredited , application submitted
Testosterone	Not accredited , application submitted
Thyroid Stimulating Hormone	Not accredited , application submitted
Triglyceride	Not accredited , application submitted
hs Troponin I	Not accredited , application submitted
Urea	Not accredited , application submitted
Urea, Urine	Not accredited , application submitted
Uric Acid	Not accredited , application submitted
Uric acid excretion, Urine	Not accredited , application submitted
Vancomycin	Not accredited , application submitted
Vitamin B12	Not accredited , application submitted
γ -Glutamyl transferase	Not accredited , application submitted
Serum electrophoresis	Accredited
